# Birthday Club Program Overview

Birthday Club

**Objective:** To obtain guests' information to increase birthday brand and birthday sales.

**Overview:** A birthday club program is a great way to gain exposure to birthday parties and collect information from your guests to increase birthday outreach efforts to increase birthday sales. The goal will be to obtain guests' information to be added to your email marketing database therefore, increasing awareness and driving center sales. In addition to the parents' information we will also collect the names and birth dates of their children.

## Execution:

- ✓ A decorated table that is manned by a team member is the best way to increase birthday club sign ups. A booth should be set up during your peak times: Friday nights, Saturdays, Sunday afternoons, daily during spring break, summer and winter breaks.
- ✓ **Monthly drawings** for free items (see idea list below) for those who have signed up for the Birthday Club is a way to incentivize guests to register their children for the birthday club and have them return to your center more frequently!
- ✓ **Quarterly and/or yearly drawings** for a free birthday party. The **birthday party given will be given the Basic package** available Sunday – Friday only for the birthday child and up to 10 guests.
- ✓ All the children's information will be placed on the **birthday reach log** (see forms) so they can be contacted by a team member at least one month prior to their birthday to have them book their birthday party here. (see birthday call script)

A **special gift for the birthday child** should be mailed for their birthday. The special gift will be a free food item/buffet, drink and a play item (\$5 game card, free game of bowling, free attraction, etc.) for the birthday child. This will also create visits and sales since parents and siblings will also make additional food, drink and play purchases.

**Restrictions:** One entry per person. Information on the card must be the parents' information.

### Tracking & Reach Efforts:

Your birthday club list is a great way to increase your outgoing reach efforts and increase birthday party sales. Children's names, birthdays, and other information will need to be added to the **reach call log (see forms)**. All contacts should be sorted by month of birthday and called 30-45 days prior to their birthday. It is best to update the spreadsheet weekly to maximize the number of calls and get the most recent list for mailing the birthday postcards. Each week you would have the following month's birthday moms to call for that week as well as any call backs to those you didn't reach in the weeks prior.

January Birthdays	Begin Calling December 1 <sup>st</sup>
February Birthdays	Begin Calling January 1 <sup>st</sup>
March Birthdays	Begin Calling February 1 <sup>st</sup>
